

H2OMY IN WG

Professional water dispenser for small-scale applications.

A double saving: on time and space.

Water management at home is simplified, eliminating the need to purchase, transport or store water bottles.

Unlimited Water.

Up to 15 litres per hour of still or sparkling cold water is dispensed from your tap at home, straight into the glass.

Cutting - Edge Technology

Ice-bank cooling and cold carbonation technology offers optimum performance within a compact space.

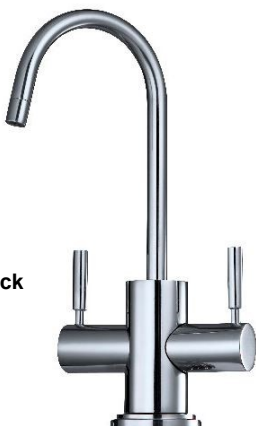

Power and Compactness

Compact and discreet, it can be housed under the sink to increase efficiency in the kitchen!
