

ELKAY[®]

ELKAY®

DRINKING WATER PRODUCTS

Our drinking solutions are designed to meet or exceed your needs and specifications. Select from a wide variety of bottle filling stations, water coolers, drinking fountains, water dispensers and remote chillers that comply with adult or child ADA standards, as well as models that offer the added assurance of our WaterSentry filters.

HYGIENIC FEATURES

Hands-free water supply options; electric sensor or foot pedal activation.

SUSTAINABLE DESIGN

Eco-friendly drinking solutions are made from recycled and recyclable materials.

FILTERED SOLUTIONS

Filtered bottle filling stations and fountains provide cleaner, healthier drinking water.

ADA COMPLIANT

Compliant drinking solutions* make water accessible.

*ADA compliant when properly installed.

GREEN OPERATION

Select drinking solutions reduce energy usage and plastic waste to keep hotels and resorts green.

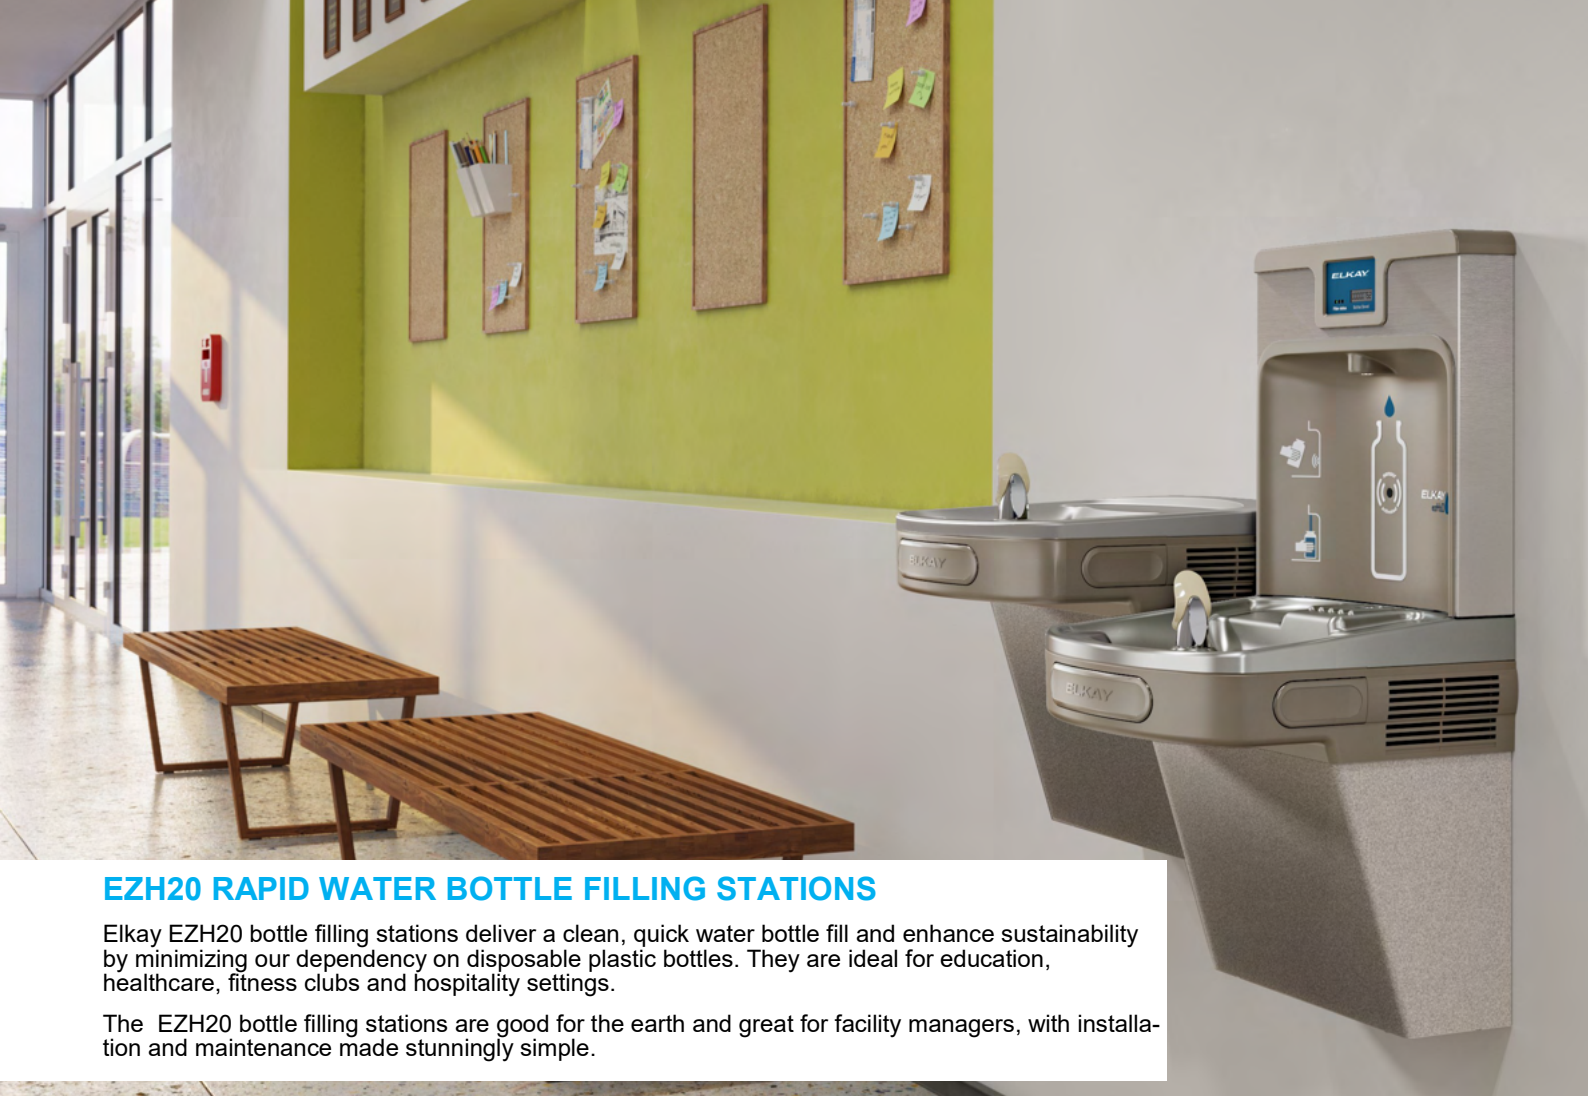

VANDAL RESISTANT

Tamper-resistant features withstand heavy use and defend against abuse.

EZH20 RAPID WATER BOTTLE FILLING STATIONS

ElKay EZH20 bottle filling stations deliver a clean, quick water bottle fill and enhance sustainability by minimizing our dependency on disposable plastic bottles. They are ideal for education, healthcare, fitness clubs and hospitality settings.

The EZH20 bottle filling stations are good for the earth and great for facility managers, with installation and maintenance made stunningly simple.

HANDS-FREE OPERATION

The touchless, sensor-activated bottle filler is designed for easy use. There's no need to hold the bottle; just place and fill.

MINIMAL SPLASHING

Bottle filler dispenses a clean, laminar flow of water so there is minimal splashing when filling reusable bottles and cups.

SEE BOTTLES SAVED

Exclusive Green Ticker™ informs user of the number of 20 oz. plastic water bottles saved from waste by using refillable bottles at the bottle filling station.

ANTIMICROBIAL PROTECTION

Key plastic components on the unit have a special silver ion antimicrobial protection that inhibits the growth of mold and mildew.

REAL DRAIN

The basin includes a real drain system to help with drainage and eliminate standing water.

LZS8WSS2K

MOST POPULAR

EZH2O Bottle Filling Station with Single Bubbler

Providing a rapid fill of filtered water to quench thirst and minimise plastic bottle waste in the environment.

Laminar flow provides clean fill with minimal splash.

Available in filtered/non-filtered, refrigerated or non-refrigerated.

Vandal-Resistant

Ideal for high traffic applications such as educational facilities or indoor recreational areas. Easy to operate, vandal-resistant push button with vandal-resistant, one piece bubbler. Full stainless steel construction is not only durable, but easy to clean.

LBWD2C00WHC	In-Wall Drinking Water System in Aspen White	711x457x130mm	✓	-

All Elkay appliances provide a full 5-year warranty on the compressor and hermetically sealed refrigeration systems, and a full 2 year parts and labour warranty on all other components.

SEAMLESS DESIGN

Fits within the width and depth of two wall studs near water and electric. Includes drop tray with optional drain connection; can connect into existing water line. Designed for new construction or existing spaces.

BOTTLES SAVED

Backlit LED Green Ticker™ counts the number of disposable, single-use plastic bottles served without the plastic bottle waste.

FILTERED WATER

Filter is certified to NSF 42 and 53 to reduce lead and other harmful contaminants. Filter status lights indicate when filter changes are needed. **Commercial model:** 3,000-gallons.

SENSOR ACTIVATED

Hands-free filling with automatic timed shut off to help prevent accidental spills and messes. Safety lock setting prevents unsupervised use.

CHILLER OPTIONS

Unit can be installed with or without a chiller. **Commercial model:** Chiller sold separately. Various chiller options available, based on application.

CONVENIENT AND SUSTAINABLE

Self-serve design allows people to help themselves to refreshing water, at home or in commercial spaces, in an eco-friendly way.

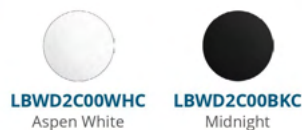

IN-WALL INSTALLATION

Fits within 16" OC 2" X 4" studs near water and electrical; includes drip tray with optional drain connection.

DRAIN

Optional drain connection available.

ELKAY COOLERS AND FOUNTAINS

Elkay water cooler and drinking fountains come in a variety of styles. From standard design to architectural SwirlFlo fountains that feature sleek styling with a contoured oval basin, there is a model to meet the needs of every space and building design. Most units offer the option of our WaterSentry filters and our Flexi-Guard Safety Bubblers. Flexi-Guard bubblers flex on the impact and feature an antimicrobial agent that is infused into the bubbler for an extra level of security.

Elkay Water Cooler Fountains

Vandal-Resistant

Ideal for high traffic applications such as educational facilities or indoor recreational areas. Full stainless steel

Some models available filtered/non-filtered, with glass filler or without filler, chilled or non-chilled.

Non Vandal-Resistant units come with either a vinyl or stainless steel finish.

Available in filtered/non-filtered, refrigerated or non-refrigerated.
