B5000 Sparkling MMT

Billi B-5000 Sparking with Gooseneck Multifunction Mixer Tap

The B-5000 Sparkling system is the ultimate home water appliance. Delivering instant boiling, chilled filtered water, with the added luxury of sparkling filtered water.

The Good Design Award Winning Multifunction Mixer tap complements the space saving and multifunctional approach of Billi's Home Range of products perfectly, negating the requirement for an additional domestic supply mixer tap while providing a sleek solution to dispensing filtered water.

Supplied standard with 994052 sub-micron filtration from BWT to deliver the freshest tasting water and ensure the health of your family & guests.

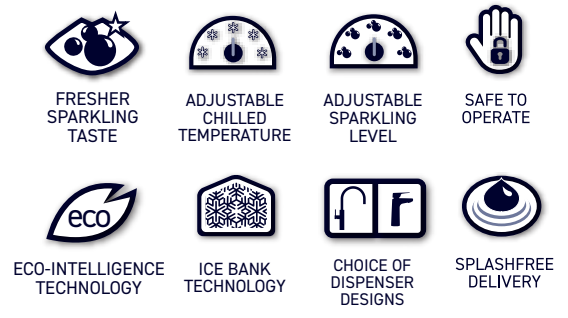

Multifunction Mixer Tap

Add the relevant Finishes Code to the Product SKU to finalise your specification eg 915000GMB

TECHNICAL DRAWING & INSTALLATION REQUIREMENTS

PRODUCT DIMENSIONS

PREFERRED INSTALLATION LAYOUT

WATER SUPPLY

Domestic Cold and Hot mains supply is required via separate 1/2" BSP (15mm) stop-taps with male threads. These should be pre-installed in an easily accessible position. Water supply must be microbiologically safe to drink, with a minimum dynamic water pressure of 250kPa and a maximum of 1000kPa.

POWER SUPPLY

Two (2 of) standard 10 amp power outlets are required, no further than 1000mm from the underbench unit. The system is supplied with a 1 metre flex cord and plug.

FILTRATION

Billi's range of premium filters utilise BWT's unique Fibron X technology. Billi's filter range provides superior taste, water quality, consistent filter life and peace of mind when it comes to hygiene.

Filter supplied: 994052 (0.2 micron). Replacement filters available: 994051 (5 micron option), 994054 (HSD option), 994056 (Sediment only) and 994060 (0.2 micron Sediment Only).

CERTIFICATIONS

Every Billi drinking water appliance is manufactured under a certified quality control system. All Billi commercial range models have been tested and comply with all required standards including: Watermark: WM-022690; Tested to AT55200.105 and AS/NZ 4020; ISO 9001:2015, GEC 11627; AS1428; WELL Cornerstone Member; WELS 5 Star Rating: WM-021914.

CO₂ Cylinder

The CO₂ gas cylinder supplied must be secured in a suitable location. Each cylinder contains 1100g of CO₂ and should be installed in a well ventilated area. Each cylinder will provide between 200-350L of sparkling water depending on the unit settings. The MSDS is available on www.billi.com.au for a complete list of specifications and warnings. Replacement gas cylinders are available from Billi. CO₂ Cylinder - single 996911 or double 996912.

WARRANTY

The Billi Home Range is covered by a comprehensive 2 year warranty on all parts and labour.
